

## ECONOMIC RELATED SOLS

### 2008 SOLs (Includes July 17<sup>th</sup> 2008 final changes to Curriculum Framework)

Prepared by the Virginia Council on Economic Education

October 2009

*VCEE's affiliated university-based Centers for Economic Education have identified sample lessons and resources for each SOL; some are from publications and others are on-line. Teachers who attend Center workshops often receive these resources at no cost. Check [www.vcee.org](http://www.vcee.org) to see what professional development programs are scheduled in your area or contact the Center closest to you if you have questions about a lesson or would like to schedule a workshop.*

## United States History 1865 to the Present (USII)

### Essential Skill USII.1i

USII.1 The student will demonstrate skills for historical and geographical analysis, and responsible citizenship, including the ability to  
 i) identify the costs and benefits of specific choices made including the consequences, both intended and unintended, of the decision and how people and nations responded to positive and negative incentives.

\*Standard USII.1i has been designed to be applied throughout various parts of this entire curriculum. The following suggestions are ways to apply the basic economic concepts to be covered by this overarching standard.

Economic Way of Thinking	Concept Understanding*	Lessons/Activities/Resources
Costs and Benefits	<p>Cost/benefit analysis... is a technique for deciding whether an action should be taken by comparing its benefits and costs.</p> <p>Cost... The effort, loss or sacrifice necessary to achieve or obtain something.</p> <p>Benefits... Monetary or non-monetary gain received because of an action taken or a decision made.</p> <p>Consequences...The outcome of your decision..</p>	<ul style="list-style-type: none"> <li data-bbox="1360 1078 1930 1209">▪ “Decision Making: Scarcity, Opportunity Cost, &amp; You,” Lesson 1, <u>Personal Decision Making: Focus Economics</u> (CEE* Leet, Charkins, Lang, Lopus, Tamaribuchi 1998)</li> <li data-bbox="1360 1241 1930 1339">▪ “Give and Take,” Unit 1: Lesson 2, <u>Focus: Middle School Economics</u> (CEE Suiter, Dempsey, Pettit, Reiser 2004)</li> </ul> <p data-bbox="1402 1364 1930 1418">* Council for Economic Education Publication  <a href="http://www.councilforeconed.org/">http://www.councilforeconed.org/</a></p>

Contact the Center for Economic Education closest to you if you have questions about a lesson or would like to schedule a workshop.

Incentives (Positive and Negative)	An incentive is a cost or benefit that motivates a decision or action by consumers, workers, firms or other participants in the economy. Incentives may be positive (i.e. a reward) or negative (i.e. a fine)	<ul style="list-style-type: none"><li>• “What Influences My Choices,” Lesson 13 <u>Choices and Changes: In Life, School, and Work Grades 7-8</u> (CEE Davis 2002)</li><li>• “Why Would Grape Pickers Ask People Not to Buy Grapes?” Lesson 13 <u>United States History Focus on Economics</u> (CEE Wentworth, Craig and Shug 1996)</li></ul>
------------------------------------	---	--

\*Concept Understanding is taken from the National Content Standards...

Contact the Center for Economic Education closest to you if you have questions about a lesson or would like to schedule a workshop.

## SOLs expressly identified as topics where USII.1i is applied...

SOL	Language	Examples of Application (VCEE)
USII.8e .	<p>The student will demonstrate knowledge of the economic, social, and political transformation of the United States and the world between the end of World War II and the present by</p> <p>e) <u>describing how international trade and globalization have impacted American life.</u></p>	<p>What are the costs and benefits of international trade and globalization? How have they impacted American life? Why does the U.S. engage in voluntary trade? What have been the unintended consequences of increasing international trade?</p>
USII.9b .	<p>The student will demonstrate knowledge of the key <u>and international</u> issues during the second half of the twentieth <u>and early twenty-first</u> century<u>ies</u> by</p> <p>b) <u>describing the development of new technologies in communication, entertainment, and business and their impact on American life;</u></p>	<p>What are the costs and benefits of the development of new technologies in communication, entertainment, and business? What role did government play in regulating late 20<sup>th</sup> century businesses? How has globalization impacted the development of business in the U.S.?</p>
USII.9d .	<p>The student will demonstrate knowledge of the key <u>and international</u> issues during the second half of the twentieth <u>and early twenty-first</u> century<u>ies</u> by</p> <p>d) <u>examining American foreign policy, immigration, the global environment, and other emerging issues.</u></p>	<p>What are the intended and unintended consequences of American foreign policy in the late 20<sup>th</sup> and early 21<sup>st</sup> Century? What are the costs and benefits of climate change on our global environment? To what incentives do immigrants to the U.S. respond?</p>

Contact the Center for Economic Education closest to you if you have questions about a lesson or would like to schedule a workshop.

## SOLs identified as topics where USII.1i could/should be applied...

USII.3b	<p>The student will demonstrate knowledge of the effects of Reconstruction on American life by</p> <p>b) describing the impact of Reconstruction policies on the South and North;</p>	What were the unintended consequences of Reconstruction? What were the costs and benefits of enforcing Reconstruction in the South?
USII.4a	<p>The student will demonstrate knowledge of how life changed after the Civil War by</p> <p>a) identifying the reasons for westward expansion, <u>including its impact on American Indians</u>;</p>	What incentives did settlers have for moving west? What were the cost and benefits of making that move?
USII.4b	<p>The student will demonstrate knowledge of how life changed after the Civil War by</p> <p>b) explaining the reasons for the increase in immigration, growth of cities, new inventions, and challenges arising from this expansion;</p>	What incentives did immigrants have to come to the United States? What were the unintended consequences of migration to cities? What were the costs and benefits of industrialization? What were the benefits and costs of industrialization to consumers? How did industrialization impact world trade?
USII.4e	<p>The student will demonstrate knowledge of how life changed after the Civil War by</p> <ul style="list-style-type: none"> <li>• describing the impact of the Progressive Movement on child labor, working conditions, the rise of organized labor, women's suffrage, and the temperance movement.</li> </ul>	<p>What were the intended and unintended consequences of the 18th amendment - Prohibition?</p> <p>What incentive did employers have for hiring child workers? How did the rise of labor unions impact industry and workers—costs and benefits?</p>

Contact the Center for Economic Education closest to you if you have questions about a lesson or would like to schedule a workshop.

USII.5a	The student will demonstrate knowledge of the changing role of the United States from the late nineteenth century through World War I by a) explaining the reasons for and results of the Spanish American War;	What were the costs and benefits of fighting the Spanish American War? What were the intended and unintended consequences? What were the economic incentives for the U.S. to go to war?
USII.6b	The student will demonstrate knowledge of the social, economic, and technological changes of the early twentieth century by b) describing the social <u>and economic</u> changes that took place, including prohibition, and the Great Migration north <u>and west</u> ;	What were the positive and negative incentives for African Americans to move north and west? Describe the movement of people (human resources) from the farms to the factories in terms of incentives and scarcities.
